"Old German Lager"

Has been on the market less than one week, yet the demand for this delightful beer of the "Bavarian" type has been such that we were compelled to triple our delivery facilities to handle the orders.

THERE'S A REASON—CERTAINLY.

"Old German Lager" is entirely different from any beer you have ever tasted. It has "that imported flavor." When we decided to produce this beer we were determined that it should be the best beer brewed on "this side of the Atlantic." If the demand is any indication of success, then we have "made good."

In brewing "Old German Lager" we use only the finest imported Bohemian Saazer hops, the most expensive hops possible to obtain, the best Utah White Club Barley and Sparkling spring water.

"Old German Lager" is pure as the everlasting snows—the height of goodness and richness-refreshing as mountain air.
